Hi Andrew,

Here are my slides for the presentation.

Looking forward to seeing you in a few weeks.

Jeanne

Jeanne,

This is to confirm the final scheduled for your presentation: 2:30 pm to 4:00 pm on Mar. 18 as described below. Please let me know if you have any questions regarding the logistics or anything else. You can reach me on cell at [REDACTED].

Thanks, Andrew

Subject: RE: Request from the Marcellus Shale Coalition

Jeanne,

That's great. I can imagine how busy you are and very much appreciate you making time for us.

We are still finalizing the schedule and have reserved 2:30 to 4:00 pm on Monday Mar. 18 at the Crystal City Hyatt in Arlington VA. The format will be a one hour presentation to the MSC's Technical Committee followed by a half hour of Q&A (please let me know if this is OK). I would expect we would have 50 to 100 people, possibly more.

You are certainly welcome to invite EPA staff to attend. We would need to know their names in advance to facilitate their registration at the meeting. I will make sure that you and Mary are on the list.

We would like to have an electronic version of the presentation by Mar. 11 and I would suggest bringing a copy on a memory stick just in case.

Thanks, Andrew

Hi Andrew,

Thanks for the invitation. I would be happy to present an update on the EPA Study of the Potential Impacts of Hydraulic Fracturing on Drinking Water Resources at your meeting in March. If on March 18, I am available until 4 pm. On March 19, any time in the morning would be fine. I would like to bring my colleague Mary Hanley to listen in.

Please let me know the date and time. When do you need the presentation slide file?

Best,

Jeanne

Subject: Request from the Marcellus Shale Coalition

Jeanne,

The MSC is holding a series of internal meetings on Mar 18 and 19 in Washington DC. We'd like to have you or someone on your staff present an update on the EPA Hydraulic Fracturing Study. The audience would be our member companies: producers, midstream companies and service providers working on the Marcellus and Utica shales.

What I have in mind is a one hour time slot on the afternoon of the 18th or the morning of the 19th at the Crystal City Hyatt in Arlington VA. The format would be similar to the meeting we had last year for our pre-drill database i.e. a presentation followed by Q&A. Could you please let me know if this would be of interest to you and if so, connect me with someone on your staff who can help me with the details?

I am available on cell at [REDACTED] if you would like to discuss further.

Thanks, Andrew

Andrew J. Paterson
